PRESIDENT DISPATCHED

By The Editor

Compatriots,

It has come to our attention that yet again, another Chapter President Juan Flakhead, accepted an invitation to duel with the Piedmont Chapter's President, and now our position is once again open. Future Presidents are requested to not accept invitations to duel and kick the bucket, until after their TERM has expired.

Presidential candidate Khris Rust-o

wants to remind everyone that his

campaign promis of an ale in every pot will be once again offered at the Drunken Lady Saloon on 5th avenue, where he last attempted to buy votes. Here's hoping fur a better go this round.

FILMING TO START SOON ON NEW DIS- NEY / SAR FILM PRODUCTION

By Edidor

Filming will start soon on the new project according to production assistant, Snarls Weeger. Snarls says that the idea came after the xtreme success of both the "Hamilton" stage show, and the aminated movie "Frozen".

The new show will be combination of the two previous successes presented as a musical tap-dance extravaganza about the Arron—Hamilton duel from the less often told side of the living member of that scene. Director and co-star Snarls, says the title of the sure-to-be hit has not been decided just yet, but he is rooting for his suggestion,

All names in this issue have been changed to protect the guilty. If you were not parodied in this issue, too bad. If you were, hopfully you will take it as meant. A Joke.....Get it???

Their meetings are held on the second Tuesday of each month somewhere. Hopefully where no one gets food poisoning. Prospective members are always welcome if you have the money to bribe any of the chapter officers.

AFTER LLONG DISPUTE, HEAD-LESS HORSEMAN’S DESCEND-ENT BECOMES A MEMBER

By

Peeder Starboard has been fighting for years to prove his ancestor was not a Heshun, but a patriot. Deeder lacked proof, until recently, that he was even in the country leagally.

Tweeder insists that a private aregument between his family and Washingstone Irwin caused that famed writer to take “unjust liberties with my family’s stories” and depicted his ancestor as on the other side, willing to do anything to scare little American kids evry Halloween.

Recent documents uncovered in a vault in Louisville, KY (pronounced Louisville) show that Peeter’s ancestor did die from a cannon ball strike to the noggin, when he stood up to look out over the rampants to see if the enemy was still there.

sPeeder was installed as a member by acting Pres. Fred Reagler.
